Background

20 years of corporate sales and marketing in high profile positions, followed by fifteen years of real estate experience, engrained in me a sense of pride in delivering results. I have developed a strong and consistent approach to business and service, where my logical approach is tempered by my warm and welcoming style.

Service and Professionalism

My marketing career started after college with CBS Television and after eight years I left to successfully run consumer divisions for several Fortune 500 companies. I came to real estate over fifteen years ago and found my true passion. I am a strong negotiator, strategic planner and clear communicator.

Family and Community

Native to the northwest, I was born in Seattle and grew up in Lake Oswego, Oregon only to return to Seattle after attending university. I have lived in Montlake since 1999 with my husband and children (one now off to college). I fill my off hours with school activities, sports and volunteering. I am active in homeless programs throughout the greater Seattle area as I feel the strong need to give back to the community that has been so good to us. I count my good fortune for being able to work and live in such a beautiful and diverse area. I love the parks, restaurants, waterfront - great architecture, and sense of spirit and pride that exudes from our streets.

Recognition

I am proud to be recognized by the Registry of Distinguished Persons by the Who's Who organization for outstanding professional endeavors along with my status in my field. I was nominated by a core group of individuals who seek out those individuals who exhibit tenure in their field, hold certain credentials and are affiliated with professional associations. I was confirmed by the board in 2012 and am listed on the Registry of Distinguished Individuals.
